Report on review of condensed interim financial information

The Shareholders
Emirates NBD Securities LLC

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Emirates NBD Securities LLC ("the Company") as at 30 June 2010 and the condensed interim statement of comprehensive income (comprising a condensed interim income statement and a condensed statement of other comprehensive income), condensed interim statement of changes in equity and condensed interim statement of cash flows for the six-month period then ended (the "interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard (IAS) 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information as at and for the six-month period ended 30 June 2010 is not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.
