REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

**The Board of Directors
Emirates NBD Securities LLC
Dubai
United Arab Emirates**

Introduction

We have reviewed the accompanying condensed statement of financial position of **Emirates NBD Securities LLC, Dubai, United Arab Emirates** (the "Company") as at 31 March 2019 and the related condensed income statement, condensed statement of comprehensive income, condensed statement of changes in equity and condensed statement of cash flows for the three months period then ended. Management is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34 - *Interim Financial Reporting* ("IAS 34"). Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects in accordance with IAS 34.

Other matter

The consolidated financial statements of the Company for the year ended 31 December 2018 were audited by another auditor who expressed an unmodified opinion on those statements on 27 February 2019. Furthermore, the condensed consolidated interim financial information of the Group for the three months period ended 31 March 2018 were reviewed by another auditor who expressed an unmodified conclusion on 30 April 2018.

1 LEGAL STATUS AND PRINCIPAL ACTIVITIES

Emirates International Securities LLC ("the Company") is a limited liability company incorporated in the Emirate of Dubai on 10 November 2001. The Federal Law No. 2 of 2015, concerning Commercial Companies has come into effect from 1 July 2015, replacing the Federal Law No. 8 of 1984. On 8 November 2009, the Company received regulatory approval to merge with NBD Securities LLC ("acquired entity") and changed its name from Emirates International Securities LLC to Emirates NBD Securities LLC.

On 21 November 2009 (the effective date), NBD Securities LLC transferred all its assets and liabilities to the Company to complete the merger of the two entities.

The share holding pattern in the Company is as follows:

Name of equity holders	Shareholding (%)
Emirates NBD Bank PJSC ("Holding Company")	99%
Emirates NBD Capital (P.S.C)	1%

Following the merger of Emirates Bank International PJSC and the National Bank of Dubai PJSC during 2007, the Company's Ultimate Holding Company is Emirates NBD Bank PJSC, a Company in which the Investment Corporation of Dubai is the majority shareholder.

The principal activity of the Company is to act as an intermediary in dealings in shares, stocks, debentures and securities.

The registered address of the Company is P.O. Box 2923, Dubai, United Arab Emirates.

2 STATEMENT OF COMPLIANCE

These condensed interim financial statements have been prepared in accordance with IAS 34 'Interim Financial Reporting'. Selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the financial position and performance of the Company since the last annual financial statements as at and for the year ended 31 December 2018. These condensed interim financial statements do not include all the information required for full annual financial statements prepared in accordance with International Financial Reporting Standards and should be read in conjunction with the financial statements as at and for the year ended 31 December 2018 except for the changes in accounting policies as explained in note 3.

In addition, results for the three months ended 31 March 2019 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2019.

3 CHANGES IN ACCOUNTING POLICIES

The accounting policies applied by the Company in the preparation of the condensed interim financial statements are consistent with those applied by the Company in the annual financial statements for the year ended 31 December 2018, except the following accounting policies which are applicable from 1 January 2019.

IFRS 16 Leases

The company has adopted IFRS 16 'Leases', issued in January 2016, with the date of initial application of 1 January 2019. IFRS 16 introduces significant changes to lessee accounting. It removes the distinction between operating and finance leases under IAS 17 and requires a lessee to recognise a right-of-use asset and a lease liability at lease commencement for all leases, except for short term leases and leases of low value assets.

Lessee accounting

The company initially measures the right-of-use asset at cost and subsequently measured at cost less accumulated depreciation and impairment losses, adjusted for any remeasurement of the lease liability.

The company initially measures the lease liability at the present value of the future lease payments discounted using the discount rate implicit in the lease. Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications, amongst others.

The company has elected to apply the expedient allowed by IFRS 16 on its general requirements to short-term leases (i.e. one that does not include a purchase option and has a lease term at commencement date of 12 months or less) and leases of low value assets. For this the company recognises the lease payments associated with those leases as an expense on a straight-line basis over the lease term or another systematic basis if that basis is representative of the pattern of the lessee's benefits, similar to the current accounting for operating leases.

The company has applied IFRS 16 using the modified retrospective approach and therefore the comparative information has not been restated. The company has assessed that the impact of IFRS 16 is not material on retained earnings as at the reporting date and has presented right of use assets amounting to AED 1.432 million within 'Property and equipment' and lease liabilities amounting to AED 1.360 million within 'Other payables' in the statement of financial position.

4 FINANCIAL RISK MANAGEMENT

The Company's financial risk management objectives and policies are consistent with those disclosed in the annual financial statements as at and for the year ended 31 December 2018.

12 FAIR VALUE MEASUREMENT PRINCIPLES**Fair values**Fair values versus carrying amounts

The fair values of the financial instruments are not materially different from their carrying amounts.

Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Unaudited 31 March 2019

	Level 1 AED 000	Level 2 AED 000	Level 3 AED 000	Total AED 000
FVOCI - equity instruments	-	-	65	65
FVTPL - equity instruments	-	-	198	198
	-	-	263	263

Audited 31 December 2018

	Level 1 AED 000	Level 2 AED 000	Level 3 AED 000	Total AED 000
FVOCI - equity instruments	-	-	65	65
FVTPL - equity instruments	-	-	198	198
	-	-	263	263

12 FAIR VALUE MEASUREMENT PRINCIPLES (CONTINUED)

The fair value of financial instruments classified as level 3 are, in certain circumstances, measured using valuation techniques that incorporate assumptions that are not evidenced by the prices from observable current market transactions in the same instrument and are not based on observable market data. The Company employs valuation techniques, depending on the instrument type and available market data. For example, in the absence of active market, an investment's fair value is estimated on the basis of an analysis of the investee's financial position and results, risk profile and other factors. Favourable and unfavourable changes in the value of financial instruments are determined on the basis of changes in the value of the instruments as a result of varying the levels of the unobservable parameters, quantification of which is judgmental.
